The Children's Law Center is a non-profit organization established in 1989 to address the unmet legal needs of children and youth in the areas of education, juvenile justice and child protection. For more than 25 years, CLC lawyers have been protecting the rights of children and youth to help them overcome barriers and transition into adulthood, better advocate for their needs, and successfully contribute to society. We provide individual legal advocacy to children and youth and through public policy work, training and education, impact litigation, and juvenile defender support services.

CLC received funding to work with youth in Kenton, Boone, and Campbell Counties who are experiencing homelessness or are at risk of homelessness. If you are a youth, under the age of 21, experiencing or at risk for homelessness, please reach out to us. If you know a youth or family with children who are at risk or experiencing homelessness, please pass this information along. Project Coordinator Tiffany Smith is available to answer any questions, provide legal services, or offer guidance.
